It's 1924, and playwright Avery Hopwood, the toast of Broadway, is at the apex of a career spent writing popular (and scandalous) comedies. But he also struggles to cope with his own demons as John Floyd, his alcoholic lover and protegee, makes his life miserable while Hopwood braves an interview for his alma mater's newspaper. Hilarious, sexy, touching, and based on real people, *Up in Avery's Room* opens a window on a Broadway lost, but emotions still current.

Theatre Rhinoceros, America's longest running professional queer theatre, develops and produces works of theatre that enlighten, enrich, and explore both the ordinary and extraordinary aspects of our queer community.
